

AWP Leadership Awards

Nomination Form

Group ASI has established the Advanced Work Packaging Leadership Award to honor individuals with North American, European, or Global responsibilities and an established record for implementing AWP in their own organization while supporting AWP implementation across the engineering and construction industry. The award acknowledges those leaders that have demonstrated a long-term commitment to creating safer, more productive construction projects. Individuals must be nominated for this award and the selection is made by a panel of industry experts. The AWP Leadership Awards are applicable to owners, EPCs and contractors. Sorry, self-nominations are not acceptable.

We appreciated your interest and look forward to receiving your nominations.

Which AWP Leadership Award are you submitting a nomination for?

Regional Global
